

Dear Dedicated Community Members,

Campbell County Tobacco Prevention is currently updating the listings for SMOKE-FREE dining, meeting, and hotel establishments in our community. New updates are being compiled and will be distributed shortly. Please take time to look through the current listings and don't hesitate to send me any additions that need to be made. Lastly, anytime you are enjoying the clean air associated with a SMOKE-FREE facility please take a brief moment to thank the manager or owner. Non-smokers represent around 80% of our local population. Restaurants occasionally hear from disgruntled smokers. Making sure they hear from active non-smoking community members is vital to our cause and to erasing tobacco's stain on Campbell County.

To view the current listings of Smoke-free Hotels and Meeting Facilities, as well as Smoke-free Dining establishments please see the attached or visit:

- 1) **Smoke-free Dining:**

- 2) **Smoke-free Hotels and Meeting Facilities:**  
<http://www.health.wyo.gov/mhsa/prevention/SmokeFreeFacilities.html>

Thank you for being "Actively Committed to Campbell County's Health"!

Sincerely,

*Keith Howard*
