

Wyoming Quit Tobacco

1-800-QUIT-NOW
or
www.wy.quitnet.com

As a healthcare professional, you are welcome to call or go online to check out Wyoming's tobacco cessation services.

ABOUT THE PROGRAM

- Any Wyoming resident who wants to quit tobacco is eligible for free services
- Financial assistance is not based on income
- Free online or telephone counseling
- Services are available 24/7
- No NRT or medications provided for children under 18
- Children 12 years & up can receive free online or telephone counseling
- Friends & family can request materials or information

MEDICATION

- Chantix or Zyban (Wellbutrin)
- A voucher will be sent by fax to their pharmacy
- A prescription must be obtained from a doctor
- Financial assistance: \$120 voucher for 1st month, \$90 for the 2nd month, and \$90 for the 3rd month (Chantix & Zyban cost approximately \$130 per month)

NRT – Nicotine Replacement Therapy

- Nicotine gum, nicotine patch, or nicotine lozenge
- NRT is mailed to their home once per month for three months
- Patient must check in via phone or online to receive each month's supply of NRT
- Only one type of NRT will be provided
- There is no cost to the patient for NRT

If you have any questions, or if a person needs extra one-on-one help quitting tobacco, please call me!
